USSOCOM SV04 Objectives

1. What new SOF capabilities may be required for to conduct Shaping/JAFO operations in the 2015+ timeframe?
2. If SOF resources continue to conduct more black operations, will there be an irregular warfare capability gap to be filled by the conventional force?
3. What elements of a sea base will support SOF in covert/clandestine OPB operations before main force enters AOR?
4. What are the byproducts of ongoing GWOT that enhance/support the sea base?
    1. Highly developed ONA
    2. Advanced development of infrastructure and EBP/EBO
    3. Others?
